Re-opening school information and Form link

Dear Parents/Guardians

Thank you to all those parents who have completed their online form and/or have emailed us with further questions.

We do understand that you may have concerns about how the school will operate. We are currently working on the plan to safely reintroduce both staff and pupils to school and will communicate our plans when they are finalised so that you are fully informed about the measures that will be put in place.

We need parents to complete our online form so that we have a clear idea about the numbers of children who would like to return to school so we can plan for this provision.

If you are considering sending your child to school, dependent on the measures that are put in place, then please indicate 'yes' at this point.

You will then be able to make a more informed decision further down the line.

The government guidance for parents and carers can be found here:

We are working through the government guidance and planning to re-open our school site.

The guidance says that we must first prioritise vulnerable children and families where parents' work is critical to the COVID-19 response, then children in year 6.

In order to plan for this, we are asking parents to complete this form by **5pm on Tuesday 19th May**, so that we have firm numbers to work with when planning for our safe return.

Please complete the form for each of your children individually.

If you are a critical worker your response is essential.

Kind regards

Mrs Rolf
